Subject: Commencement Traffic Closures and Detours – Keystone Hall Renovation

Date of Event: December 12, 2026

With the ongoing renovation of Keystone Hall, we will need to adjust our Commencement procession and traffic control plans. The current plan is to have the procession enter the Fieldhouse from the Recreation Center. The procession will exit the Recreation Center, turn left onto South Campus Drive, and then turn right onto Baldy Street.

Traffic Closure Schedule

1. Morning Procession: 9:40 a.m. – 10:00 a.m.

- Road closures will affect Baldy Street, Baldy Road, and Trexler Avenue.
- Traffic will need to be diverted to accommodate the procession route from the Recreation Center to the Fieldhouse.

2. Midday Closure: 11:30 a.m. – 12:30 p.m.

- Road closures will again affect Baldy Street, Baldy Road, and Trexler Avenue.
- Traffic will be diverted onto Trexler Avenue and Commons Road.

Kutztown University Police officers will be posted at the designated locations to ensure effective traffic control, facilitate the necessary detours, and maintain the safety of pedestrians and motorists throughout both closure periods.

Thank you for your assistance and cooperation as we adjust our Commencement operations during the Keystone Hall renovation.

Deputy Chief Justin Soumas
